Introducing Coombe Lane...

A truly stunning development of six contemporary five bedroom houses by boutique London developer Formál Property Group is hidden at the end of a long drive, surrounded by mature trees. The Willows is a peaceful sanctuary in West Wimbledon that has the dual benefit of quick and easy access to both Central London and the countryside of Surrey.

The interiors have been carefully crafted by the talented designers at Scenesmith to compliment and reflect the contemporary architectural language of the properties. Versatile internal layouts offer a variety of different living arrangements.

The lower two floors are covered by family spaces, both of which offer direct access to the private terraces and gardens. To create a continuation with the exterior of the houses, a rich textural spine has been formed through the use of an exposed brickwork wall.

The gardens are absorbed into the living spaces of the houses through the large glass doors and windows. Engineered timber floors further strengthen the connection with the gardens and mature trees in and around the grounds. Attractive terrazzo stones have been generously utilised within the bathrooms. Paired with neutrally toned tiles and contemporary brassware, the bathrooms are serene environments to relax and unwind in. Tranquil colour tones together with large windows, flush fitted wardrobes, and considered lighting arrangements give the bedrooms a light and airy ambience.

The houses are networked and future proofed to allow home owners the ability to connect with internet and satellite providers, but also the flexibility to install their own home integration system.
